Twelve-week summer internships providing salaries ranging from \$600 to \$1,100 per week (depending on education and work experience) plus round-trip travel expenses to undergraduate and graduate students. Though the majority of interns are majoring in computer science, electrical engineering, and Computer engineering, the program is open to all majors. Students must submit a cover letter describing their academic background and how it applies to their area of interest. Include a resume. The information is placed into a database that is used by managers of various departments. Candidates are interviewed by phone.
