

**IEC Status Update**  
**Office of the Vice President for Student Services**  
**AY10-11**

**Instructions:**

List the recommendation(s) made by the IEC committee as a result of your review (see review recommendations on IEC site). Provide an update on any progress you have made on the recommendation(s) since the review. Please provide data if available.

<b>Recommendation</b>	<b>Progress on recommendation</b>
1. For the VPSS Office: As funding becomes available, hire a bilingual clerical support for student Health Services.	This personnel request continues to be submitted as part of the unit plan/program plan process and is still yet to be funded. Through the shared governance process, an increase in student health fees from \$15-\$17 is being sought. It is hoped that this increase in revenue along with general funds can in tandem fund this position in the near future. Seeking student agreement on increase in the health fee will be critical.
2. For the VPSS Office: As funds become available, fund a full-time classified position, Student Life Coordinator.	This personnel request continues to be submitted as part of the unit plan/program plan process and is still yet to be funded. During the Budget Committee process for the past academic year, this position was identified as a high priority, but due to current budget limitations, the position has not been realized. As an interim experiment, the GCFA and CSEA have participated in a work sharing model that involves a classified employee from the Career Center. In exchange for support to the ASB, Student Clubs and Organizations, and Student Events, Faculty Counselors are sharing workload in the Career Center. This arrangement is set to expire in December 2010. The CSEA have noted their desire to not continue this arrangement in the future, while our faculty seem very pleased with the partnership. The Board of Trustees continues to include this item in their annual goals.
1. For the VPSS Office: Examine the use of a director to coordinate the activities of outreach and recruitment, enrollment	This personnel request continues to be submitted as part of the unit plan/program plan process and is still yet to be funded. This position has been

management, assessment and monitoring of student success, degree/certificate attainment, transfer rates, etc.

discussed at the President's Cabinet level and is supported in concept as a holistic approach to guide and manage the various student success functions in Enrollment Management, Outreach and Recruitment, Student Life, and student success. It will be important that we investigate how this proposed position may fit in the recent receipt of the Title V grant. There may be some important linkages that could initially fund some or part of this type of position. If this connection does not develop, this position will be submitted again from the VPSS in the program plan process for consideration for funding.
