ALUMNI Profile

Alejandro Orozco:

I started attending Gavilan College in 1996, with the only objective on my mind being to learn English. I started as an ESL student, and slowly worked my way up. It was not easy to make the transition from an ESL

student to a regular student, but with the help of Gavilan programs such as, MESA, EOPS, TRIO, teachers, friends and family I was able to succeed, and graduate with an A.A. in 2002. I transferred to UCSC to major in Molecular Cell and Developmental Biology, and graduated in 2005 with a B.S. degree.

Currently I am working in a biotech company called ARK Diagnostics. Our company is developing immunoassays for HIV drugs, recreational drugs and epileptic drugs. We focus on development of assays that doctors need in order to diagnose patients better.

My future plans are to go back to graduate school and do research in the areas of cancer, or virology. By doing research I hope to contribute in the understanding of many diseases which affect our society.

FACULTY Profile

Rey Morales

I graduated from Yerba Buena High School in San Jose and continued my education at U.C. Davis where I graduated with a degree in Physiology (cell function). I went on to obtain my Masters in Comparative Physiology at Cal State East Bay and have been teaching for over 10 years at various colleges in the Bay Area.

We live in a great location -- Monterey, Santa Cruz, Moss Landing, Elkhorn Slough, Point Lobos (and of course the Gavilan College Campus) are great places to learn about the interactions of living organisms (microorganisms, plants and animals). I teach classes for Bio Majors such as General Biology, Zoology, Botany and Ecology. I also teach Anatomy and Physiology online and the seminar "Careers in Biotechnology". I've been involved with the Learning Community Math 205 and 233, where we present a practical approach to math in a biology setting (I don't actually teach the math. I just present the biology and Professor Dwyer and Professor Dresch do all the work.)

For the past three years, I've organized a youth volunteer effort for the Pop Warner Spirit and Football organization in Morgan Hill. These youth dedicate their Saturday mornings in July to help at a local convalescent hospital -- decorating wheelchairs for the 4th of July Parade, playing Bingo, and leading morning exercise. I also love spending time with my gorgeous wife and beautiful children.
