### **Maria Amirkhanian:**

Award winning concert pianist, Maria Armirkhanian, comes to Gavilan College with a wealth of teaching experience backed by a lifetime of live musical performances that have spanned the globe.

Growing up in a musical family, Dr. Amirkhanian started playing piano at an early age. At the tender age of five, she began her studies at the Tchaikovsky School of music in the now former Soviet Union. Coming to the United States in the early 90's, she attended CSU, Fresno and received her Master's degree. She later completed her doctorate at the Moscow Conservatory of Music in

Take a music class with Dr. Amirkhanin at Gavilan College, or come see her play live at the Gavilan College "Bach to Blues" concert on March 9 or March 17 with the South Valley Symphony!

### **PHILOSOPHY**

### PHIL 1 Introduction to Philosophy

Advisory: Eligible for English 1A.

Transferable: CSU; UC; CSU-GE: C2; IGETC: 3B; GAV-GE: C2; CAN: PHIL 2

Philosophy 1 is intended as a survey of the major areas and traditions of philosophy. The course examines central and significant questions about the meaning of life, who determines what is morally right or wrong, the ideal society, the various notions social justice, what is reality, and many other ideas. In pursuing these questions, students will be asked to read texts from writers around the world, both contemporary and ancient, discuss current events, and apply 'theory' to movies such as "The Matrix" trilogy, novels, and any other relevant application of the student's own choice.

4776 LEC CH102 HODGE E 3.40 3.0 TuTh 1255P-0220P

### PHIL 2 Logic

Advisory: Eligible for English 1A.

Transferable: CSU; UC; CSU-GE: A3; GAV-GE: C2; CAN: PHIL 6

Philosophy 2 is intended as a survey of the primary approaches to argumentation and what has been traditionally called 'correct' reasoning. Students will learn techniques of both deductive and inductive argumentation, basic symbolic logic, how to spot a fallacy, as well as how to apply these techniques to other aspects of their lives outside of the classroom. While logic is often quite formal, the goal is to see the practical application of this discipline. Students will become acquainted with the cultural variations to reasoning in addition to the standard Western focal approach.

### PHIL 6A Comparative Religions

Advisory: Eligible for English 1A.

Transferable: CSU; UC; CSU-GE: C2; IGETC: 3B; GAV-GE: C2, F

Religion is a topic that ignites controversy — most societies engage in religious practices, believe strongly in that tradition, and find a sense of identity within it. The controversy arises when differences are misunderstood, misrepresented, or placed in a hierarchy of assumed supremacy of one religion as superior to others. In this class, students explore the underlying commonality of various religious traditions, explore the uniqueness of the religions with which they are unfamiliar, and learn to see that diversity among beliefs doesn't have to create hostility. Students will explore religions from Indigenous Peoples throughout the world, East Asia (e.g. India), China, the Middle East, as well as some more recent trends in religion.

4780 LEC HU103 HODGE E 3.40 3.0 MW 1255P-0220P

### PHIL 4 Critical Thinking and Writing

Prerequisite: English 1A

Transferable: CSU; UC; CSU-GE: A3; IGETC: 1B; GAV-GE: C2

This course is designed to introduce the relationship between critical thinking and critical writing in a way that will be both enjoyable to the student and helpful in other aspects of life. The student will learn techniques of critical thinking, playing close attention to the current events, movies and popular media, music lyrics, as well as the textbook. Students will learn to identify deductive and inductive arguments and be able to evaluate their strength, create a strong argument of their own on a given topic, as well become experts in the area of critical analysis. The goal is to enable students to become strong, well informed, articulate members of the community as well as individuals with an empowered sense of self as an agent of change.

### **Sabrina Murphy:**

My freshmen year of college I attended a private 4- year school. The college was not worth a \$30,000 tuition. I wasn't crazy about my decision to go to Gavilan College because I didn't think it would be possible for me to get picked up by a Division I school for basketball. Once I started going to Gavilan college I realized how great it was. It was so close to home and inexpensive. I was receiving better education at Gavilan College than I had at the 4-year school.

I was a member of the women's basketball team at Gavilan College and played well enough to receive an honorable mention from the league. I averaged 13 points per game and was invited to attend the Sophomore Showcase in San Diego. This event has the best players in California and they play against each other on teams in front of scouts from different universities across the U.S.

I graduated Gavilan College with my AA in Liberal Studies and was able to continue my education at San Jose State where I was able to also be a member of the women's basketball team. My junior year at state I walked on to the team and commuted back and forth from my home in Hollister. My senior year I received a full scholarship for basketball and I graduated in May with a BA in Psychology and a minor in Sociology.

Gavilan College helped me save money and gave me the same (if not better) education than a private institution. If I had to redo my education, I would have attended Gavilan College for two years instead of one. My advice to students now (since I occasionally substitute teach and coach the girls team at Anchor Point Christian School in Gilroy) is to go to a junior college like Gavilan College first to save money. There is no point in paying astronomical amounts of money for the first two years of college.

### PE 38 Adapted Cardiovascular Conditioning & Training

Transferable: CSU; UC; CSU-GE: E1; GAV-GE: E1

Prescribed exercises in weight training, stretching and cardiovascular conditioning for those individuals that have been disabled through stroke, cardiovascular accident, arthritis, multiple sclerosis, or other condition. May be repeated as necessary based on measurable progress as documented in the student's educational contract. This course has the option of a letter grade or credit/no credit.

MATTEMATION ENGINEETING GOTENOE ACTIE

• Are you a math based major? (BIO, CSIS, Architecture, etc.)

Do you want to transfer to a 4-year university?

Do you have financial need? You may be eligible!

Gavilan's MESA Program is now accepting applications. MESA students are entitled to workshops, academic advising, field trips, tutoring and more!

For more information call 408-848-4887 or visit the MESA Study Center in PH 105.

♦ www.gavilan.edu/MESA ◆

### **MATH + ENGINEERING + SCIENCE MAJORS**

# PLANNING TO TRANSFER?

Admission for these majors is very competitive

4-year universities stress preparation for the major over completion of general education major.

High-unit majors do not need to fulfill all general education requirements

You do not need to get an AA or AS degree to transfer

You should plan your sequential courses early.

can help you plan your courses to complete major preparation prior to transfer. Go to www.assist.org and see a counselor to develop an educational plan.

### **PHYSICS**

#### **Introduction to Physics** PHYS 1

Advisory: Mathematics 205

Transferable: CSU; UC; CSU-GE: B1, B3; IGETC: 5A; GAV-GE: B1, B3

This course is an introduction to the fundamental physical principles that control the world around us. Students will explore the fundamental principles of physics, their historical development, their application to everyday phenomena, and their impact upon political, social, and environmental issues. Laboratory exercises will explore the everyday world.
