

# DISTANCE LEARNING

courses at Gavilan are offered in three different ways:

## Online Courses at Gavilan College

Online courses allow students who have access to a computer and modem to take college credit classes. Students need to have access to an individual email account and the World Wide Web. Students enrolled in these Internet-delivered classes will meet with their instructors and with their classmates through the Internet. The majority of coursework is done online. However, one or more on-campus meetings may be required. If this is a problem, you may contact your instructor for possible accommodations.

After enrolling, start the class by going to <http://www.gavilan.edu/disted/and> clicking on your class.

It is your responsibility to log into the class by the end of the fourth day (semester-long courses) or by the third day (short-term classes). Students who have not logged into the class by the deadline will be dropped from the course.

Orientations: We strongly recommend that students take one of the live orientations to online courses offered in the Gavilan Library. Please see the library homepage at: <http://www.gavilan.edu/library/> for a schedule of orientations or you may make a personal appointment with one of the librarians by calling 408-848-4806.

We encourage you to exercise the same kind of caution in a distance learning class as you would if you were taking an on-site class. Do not share personal information about yourself; do not give a stranger or new acquaintance your home phone number or address.

## Hybrid Courses

Hybrid courses are a combination of traditional meetings and online meetings. Typically you will meet in a regular classroom once a week, and meet online once a week. You'll get the convenience of online courses, but have the advantage of meeting with your instructor and classmates too. See individual webpages for these classes for details.
