## Annual Program-Level Assessment Report

*Program:*
*Academic Year:*
*Report Date:*
*Program Assessment Coordinator:*

There are *five purposes* of this report, first is to articulate the designated program-level student learning outcomes (SLO) that were assessed for the 2009-2010 AY; second is to confirm alignment of the program-level SLOs with the curriculum; third is to describe the assessment process for each SLO; fourth is to report the results of the assessment for each SLO; fifth is to discuss how the results were used to "close the loop" at the program-level.

1. **Program-Level Student Learning Outcomes for AY 2009-2010**
   *This section should list the program's designated Student Learning Outcomes (SLOs) for AY 2009-2010.*

2. **Curriculum Map** *(addressing only those SLOs for AY 09-10)*
   *This section should identify where the SLOs align with the curriculum (where students encounter opportunities in the curriculum to gain knowledge and skills pertinent to the designated outcomes).*

   | Course Number | SLO #1 | SLO #2 |
   |---|---|---|
   |  |  |  |
   |  |  |  |
   |  |  |  |
   |  |  |  |

3. **Assessment Focus and Methods**
   *This section should describe how student learning was assessed for each designated SLO for this AY. Please be sure to include the following:*

   > *What information/data was collected? (What measures were used, direct and indirect)*
   > *When and by whom?*
   > *How was it analyzed?*
   > *How was it reported?(attach any necessary appendices)*

4. **Results of Assessment of SLO #1 (state the SLO)**
   *This section should discuss the outcome/results of the assessment process for the designated SLO stated above.*

5. **Results of Assessment of SLO #2 (state the SLO)**
   *This section should discuss the outcome/results of the assessment process for the designated SLO stated above.*

6. **Using Results for "Closing the Loop"**
   *This section should include the following information:*
   - *Describe how the results of the assessments were disseminated and to whom (What is the program's process for reviewing the results and discussing the implications of the results?)*
   - *Discuss how the results will be used to either -* <u>*confirm the SLO was successfully met*</u>*, and/or how the* <u>*program will generate strategies for program/curriculum modification.*</u>
   - *If applicable – discuss program modifications changes and timeline for implementation of changes*
