**8.0** Discussion Items

**8.1** Student Center Remodel, Meryl Rasmussen, PBI Workplace Consultant (40 min)

*The biggest concerns about the furniture is the weight and how it easy it could be moved/stacked when it is necessary to use the Student Center for events/receptions. It was suggested to get rid of the lamps above some of the couches. It was suggested that the window sections of the Student Center have bar tables facing the outside with tall chairs that could blend when pushed in. The number of white boards was decreased from 4 to 2 and could be increased depending on demand. The ping pong table would be replaced with board games that would be much less distracting to eating students. Lower sized tables are being removed since they might be target to being used as foot rests. Individual couches with a screen around them would not be a viable option depending on the price of each individual unit. The tables would have to be removed or relocated to the eating area to leave the walk way clear in the middle of the Student Center and in front of the cafeteria. PBI will provide ASGC with a new floorplan and mock ups of what was discussed. ASGC will also meet with the college president Dr. Kathleen Rose to discuss PBI and the Student Center. Color schemes are yet to be determined.*

**9.0** Action Items

**10.0** Recognition

**11.0** Adjournment
